ICON Lite Kit

Transmitter Configuration Kit with USB Communication

5 YEAR WARRANTY

The ICON Lite Kit is for communication to the latest series of INOR tranmmitters - Models C/R 202, MINIPAQ-HLP/L, C/R 330, C/R 520 and C/R 530. The kit contains the INOR USB Interface, PC to USB Interface cable, USB Interface to Transmitter cable, and storage bag.
Communication with the connected transmitter is established automatically, without any problems to match the PC communication port to the software.

- USB communication
- Automatic matching of communication ports
- Automatic transmitter identification for quick start up
- Diagnostic LED's on the USB Interface show the communication status
- Simple installation of configuration software and drivers for the USB Interface
- User Instructions and Installation Guide included (on USB memory stick)
- Free download of configuration software, Consoft, and USB Interface software from our website

Specifications:
