

Temperature Crayons

Features:

- Indicator crayons change colour at different temperature ratings
- Easy-to-use; simply mark a pre-heated surface with a colour change crayon
- Colour will change immediately if the temperature is higher than the crayon's rating, or it will change within 1-2 seconds if it is lower than its rating
- Colour change is irreversible
- Accurate to $\pm 5^{\circ}\text{C}$ of the temperature rating
- Kit includes **10** crayons of various temperature ranges
