

# testo Saveris 2 Cloud

## Our packages

The Testo Cloud is the central operating element for setting up your testo Saveris 2 system. Here you can configure your WiFi data loggers, set limit value alarms and evaluate your measurement data.

Depending on the desired range of functions, you have a choice between the free Basic and more extensive Advanced functionality for use of the Testo Cloud. In both packages, you have access to an API interface, in order to export measurement data to your systems.

	Basic <span style="background-color: orange; color: white; padding: 2px;">Free</span>	Advanced			
<b>Measuring cycle</b>	15 min. (fixed)	1 min to 24 h (flexible)			
<b>Communication rate</b>	15 min. (fixed)	1 min to 24 h (flexible)
