Magna-Trak[®]

Magnetic Locators

Improved water resistance and mechanical life are provided by our new direct contact switching with the PC board. Enjoy enhanced functioning, reliability, and maintenance for all CST locators.

Our Magna-Trak magnetic locators take technology one step into the future by including a multitude of convenience features such as an LCD visual display and/or audio tone, a lightweight, easy-grip design, and water resistant cases.

Magna-Trak locators also feature easy battery access and outstanding battery life, and they're backed by a 5-year warranty! Plus, our electronic balancing procedure allows balancing to be done quickly and efficiently and all of our manufacturing is done right here at CST to ensure quality control. The latest technology doesn't have to cost a lot. Get the best performance and the best value with a Magna-Trak locator.

7
Year
Warranty

LOCATE WITH ONE HAND TIED BEHIND YOUR BACK. NOT THAT YOU WOULD WANT TO, BUT THE POINT IS YOU CAN.

Magna-Trak® MT200 Series Magnetic Locator

All the features you could possibly need in a magnetic locator, ergonomically designed for complete one-handed operation. So your other hand is free—or untied—to use other equipment.

- Lightweight, ergonomic handle with textured grip.
- **One Handed Operation** - Control the Volume and Sensitivity with the Same Hand.
- **NEW** Quick change battery compartment.
- High impact plastic case is water resistant, lightweight and epoxy sealed.
- Aluminum sensor tube is waterproof to just under the plastic case
- Powerful magnetic speaker with waterproof Mylar cone.
- Adjustable sensitivity and volume dials with power On/Off.
- **NEW** speaker – deep tone audio under search conditions; signal “peak” over ferrous objects.
- “High-Tech” magnetic toroidal sensors and unique electronic balancing circuitry.
