

COPING REPLACEMENT BLADES

A GENERAL USE OPTION FOR THE FOLDING UTILITY KNIFE

Klein Tools has created an additional blade to use with the popular Folding Utility Knife (Cat. No. 44218). When you need a durable, general-purpose knife, this stainless steel straight blade is the solution. The heavy-duty coping blade (Cat. No. 44138) is held securely in the utility knife handle by a captive screw making it as secure as a fixed-blade knife.

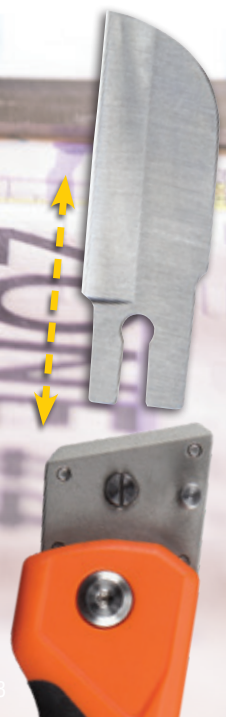

Heavy-duty
2" coping blade
