

# TEK-Check™

## REFERENCE LEAK

### The trusted leak source.

TEK-Check is a reference leak source that continuously leaks R134a, R1234yf or R600a for more than 2 years. It is an easy and dependable way to check the functionality of your leak detectors to ensure they're working properly.

Compact size and ease of use make TEK-Check a safe and convenient accessory for your refrigerant leak detector.
