Magnetic Markers*

*Powerful Rare-Earth Magnets
(In each marker and the StudMark+)*

*Easily locate studs and
mark up to 3 studs at one time
behind sheetrock and drywall.*

Find Studs in a Snap with StudMark+

- Two removable magnetic markers mark up to 3 studs at one time
- Two rare-earth magnets in StudMark+ base
- Magnets widely spaced to help find studs
- Compact size fits easily in hand, pocket or nail pouch
- Bubble vial level to assist in marking horizontal lines
- 2-year Warranty
- Additional markers available

The durable StudMark+ makes finding a stud simple and reliable.

Easy to use, place the StudMark+ on a wall and move in a "Z" pattern to find screws or nails holding sheetrock to metal or wood studs. Its powerful rare-earth magnets snap to the exact location of the screw or nail.

There are two removable magnetic markers that can be used to identify up to three studs at one time. The StudMark+ has no moving parts, never requires calibration and is always ready.

Great for

- Mounting Flat-Screen TVs
- Hanging shelves
- Installing cabinets
- Positioning hooks
- Wood or metal studs
- Putting up mirrors, pictures and more

Features

- Holds to wall for hands-free work
- Mark three studs at one time
