

Circuit Breaker Finder Kit

The Circuit Breaker Finder Kit includes components for various 90-120V AC circuit diagnostics. The receiver locates the correct breaker for outlets or fixtures, and the transmitter can connect to other fixtures using the included accessories. Use the transmitter with the alligator clip adapter for bare wires and the light socket adapter to locate the correct circuits. The transmitter also tests GFCI outlets. Components are stored in a premium carrying case with a foam insert for organization.

Specifications

Type:	Electronic Tester and Accessories	Application:	Locate Circuit Breakers in Panel, Test GFCI Devices
Special Features:	Premium Carrying Case with Foam Insert	Overall Length:	10.96" (27.8 cm)
Overall Height:	2.16" (5.5 cm)	Overall Width:	1.39" (3.5 cm)
Material:	PC and PC-ABS Housing and Electronic Components	Batteries:	1 x 9V
Drop Protection:	6.6' (2 m)	Standard:	CATII 120V
Included:	ET310 Digital Circuit Breaker Finder with GFCI Outlet Tester, 69411 Circuit Breaker Finder Accessory Kit, User Manual, Battery, Premium Carrying Case	For Use With:	North-American-Style Grounded Electrical Outlets
Weight:	1.27 lb (0.6 cm)
