

Part No.

# XTXT-HOS-1.5m

*Quick-test XT 10,000 psi hose, S.S. hose ends, 1.5 meters long*

10,000 psi (689 bar) working pressure Microbore hoses that provide a very quick, low volume, high pressure way of connecting to any pressure instrumentation, hand pump, calibration source or device under test

## Specs/Attributes

|                           |                                                         |
|---------------------------|---------------------------------------------------------|
| Burst Pressure            | 40000 PSI / 2760 bar / 275 MPa                          |
| Color                     | Blue                                                    |
| Country of origin         | USA                                                     |
| Fluid Media               | Air, Inert Gas, Natural Gas, Petroleum Based Oil, Water |
| Inner Diameter            | 0.08 In / 3.00 mm                                       |
| Length                    | 1.50 m / 4 ft 11 in                                     |
| Materials                 | Reinforced Polyamide, Stainless Steel                   |
| Max Operating Temperature | 140 °F / 60 °C                                          |
| Max Pressure              | 10000 PSI / 700 bar / 70 MPa                            |
| Media Compatibility       | Air, Inert Gas, Natural Gas, Petroleum Based Oil, Water |
| Min Operating Temperature | 0 °F / -18 °C                                           |
| Minimum Bend Radius       | 1.00 In / 26 mm                                         |
| Outer Diameter            | 0.24 In / 7.00 mm                                       |
| Type                      | XT                                                      |
